PA - Denotes Points Allowed

TIE BREAKER

TWO-WAY TIE: If two teams are tied with identical records, the winner is the team that won the game when the two teams played. If the teams split their games, the team that allowed the fewest points during the entire season will be declared the winner. If the teams still remain tied, the team scoring the most points during the season will be declared the winner. If a tie still remains, the team that allowed the fewest points when they played each other will be declared the winner.

THREE-WAY OR MORE TIE: If three teams or more are tied, the winner will be determined by the team that allowed the fewest points, unless one team has defeated each of the other two during the season.

Pre-determined Forfeit games that were recorded as a 2-0 score will not be used to determine order of finish when there is a tie. The tie breaker would then be determined by average of points scored of the played games.
